

2009 Vintage

Once again our Vineyard received substantial frost damage resulting in us only being able to harvest approx 1.5 tonnes of Pinot Noir

Two different styles of chardonnay have been made from fruit sourced from Maurice and Gail Watson's Vineyard in OB Flat.

The first wine has been bottled and is for sale. The Barrel Fermented Chardonnay will be released in approximately 6 months time.

Kangaroo Hill Vineyard

Just released is our Kangaroo Hill Shiraz Cabernet made from fruit from this sheltered Vineyard on the eastern side of the Woakwine Range near Robe.

This year we have made Pinot Gris and Cabernet/Merlot/Shiraz from the same Vineyard. The fruit was of excellent standard. The Pinot Gris will be available prior to Christmas.
